Seeds, Vegetable	20
Water Plants	20
Weeping Trees	10

Terms of Sale

The articles in this list will be furnished to nurserymen at prices named, without regard to size of order, except in cases of long lists of selected varieties, when such discount will be made from retail prices as the character of the order will justify.

We reserve the right to select the varieties, but will give the purchaser his choice as far as consistent with our stock. In ordering, please state whether or not substituting will be permitted in case we should be short of any sort wanted.

Prices hold good only until surplus stock is sold.

Unknown correspondents must send cash or satisfactory bank reference with order. Usual terms to established nurserymen.

Please give plain and explicit directions as to the route and manner in which goods are to be forwarded, as our responsibility ends on delivering at Railway Station or Express Office.

All claims for errors and deductions must be made within six days after receipt of stock.

Our Guarantee of Genuineness.—While we exercise the greatest diligence and care to have all our trees, etc., true to label, and hold ourselves in readiness, on proper proof, to replace all trees, etc., that may prove untrue to label, free of charge, or refund the amount paid, it is mutually understood and agreed between the purchaser and ourselves that our guarantee of genuineness shall in no case make us liable for any sum greater than originally received for said trees, etc., that prove untrue.

All Fruit Trees and Grapevines are fumigated with hydrocyanic gas when dug, so are the buds, scions, and cuttings, prior to budding, grafting, or planting out in Nursery This positively kills any insects that may be thereon, without any injury to tree or vines. We have erected on our grounds a new Fumigating House, with three compartments, so that we can disinfect, at any time, either 50 trees or 10,000.

Catalogues

The following catalogues will be sent to applicants free :—

No. 1. Descriptive Catalogue of Fruit Trees, Small Fruits, Figs, Olives, etc.

No. 2. Descriptive Catalogue of Shade and Ornamental Trees, Shrubs, Roses, Climbing Plants, etc.
